

**Densità di schermi nei multiplex****Density of screens in multiplexes****Densité des écrans dans les multiplexes**

Questa tabella riporta gli schermi situati nei multiplex (cioè complessi di almeno 8 schermi) come percentuale del numero totale degli schermi in ogni paese in ciascuno degli anni considerati (per esempio in Gran Bretagna nel 1998 il 46,27% degli schermi si trovava in complessi con almeno 8 schermi). Questo è il grado di penetrazione dei multiplex (si veda Introduzione, Sezione 10).

*This table shows the screens situated in multiplexes (i.e. theatres with at least 8 screens), as a percentage of the total number of screens in each country, in each of the years under consideration (e.g. in 1998 in Great Britain 46,27% of screens was situated in theatres with at least 8 screens). This is the degree of penetration of multiplexes (see Introduction, Section 10).*

Ce tableau illustre les écrans situés dans les multiplexes (c'est-à-dire dans des complexes d'au moins 8 écrans) en tant que pourcentage du nombre total des écrans de chaque pays, dans chacune des années considérées (par exemple, en 1998 et en Grande Bretagne, 46,27% des écrans se trouvait dans des complexes ayant au moins 8 écrans). L'on définit ainsi le degré de pénétration des multiplexes (voir Introduction, Section 10).
